

MBT Event Participants' ACKNOWLEDGEMENT OF RISK

I recognize that there is an element of risk in any adventure, sport, or activity associated with the outdoors, including mountain biking. I am fully cognizant of the risks and dangers inherent in mountain biking and have been informed of known special hazards in such activity. The risk of injury from the activities involved in this program is significant, including the potential for permanent paralysis and death, and while particular rules, equipment, and personal discipline may reduce this risk, the risk of serious injury does exist; I certify that my family and I, including minor children, are fully capable of participating in the said activity. Therefore, I assume full responsibility for personal injury to myself and/or to members of my family, or for loss or damage to my personal property and expenses thereof as a result of my negligence or the negligence of my family participating in said activity except to the extent such damage or injury may be due to the negligence of Mountain Bike the Tetons Inc. I further understand that Mountain Bike the Tetons Inc. reserves the right to refuse any person it judges to be incapable of meeting the rigors and requirements of participating in mountain biking.

2020 MBT Free Shuttle Days COVID-19 Contingency

Our Ask of you to Promote Safe and Educated Participation at All MBT Events

Please consult the CDC website "Symptoms of Coronavirus" on the day of your participation. The following link is updated by the CDC <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>

If you are sick or suspect that you may be ill, PLEASE STAY HOME.

FOR EACH EVENT LISTED BELOW: We will maintain a list of participants in any case that contact tracing be necessary. This list will not be made public but will aid participants should any participant later be diagnosed with COVID-19.

All plans are subject to change based on the ongoing COVID-19 pandemic. We will be respecting all CDC, National, State, and Local recommendations. Here are the basic facts all of our plans are built around:

Our number one priority will always be the safety of our volunteers and event participants

All decisions will be made based on that, not what is convenient.

Regardless of current health challenges, our focus is always on the safety of everyone involved in MBT volunteer/event opportunities. All tools will be disinfected between uses, and we'll make sure everyone is practicing physical distancing.

Participants will be required to sign a waiver including a clause identifying event contingency plans.

As of June 1, 2020, our volunteer/event opportunities are cleared to resume operations as long as they function under best practices. Below is a breakdown of actions we'll be making to the programs in light of that.

Risk Management

Risk management has always been an essential part of MBT event opportunities, even when we're not faced with a global pandemic, the goal has always been to keep everyone as safe as possible.

For mountain bike shuttles: before loading your bike or setting foot in the van, participants will be required to sign a medical release waiver and a clause outlining COVID-19 contingency plans. Shuttle participants under the age of 18 must have a parent or legal guardian sign. Participants under the age of 16 must be accompanied by an adult.

Minimizing Contact

We will continue to follow whatever social distancing best practices are recommended by Idaho and Wyoming state and local officials. We will work to keep distance whenever possible. Family members or household companions are encouraged to participate and will not be required to keep a physical distance. We will be flexible to make additional arrangements for high-risk participants and families. If you are sick or suspect that you may be ill, PLEASE STAY HOME.

- Shuttles are first come, first serve.
- Participants will be required to load/unload their own bike on the Huckwagon (this can be safely done from the ground and does not require climbing onto the vehicle/trailer).
- Vans will transport no more than 7 people at a time. Two per bench seat, plus one front-seat passenger. Please be patient with us - we'll shuttle you as quickly as possible.
- Van will be completely disinfected in between shuttle runs.
- Shuttle passengers are required to wear a mask when riding in the van.
- MBT will not provide water or food for shuttle passengers. You are responsible for coming prepared for your ride.
- No official post-shuttle festivities will take place. Participants are welcome to gather in the parking lot after the race but physical/social distancing must be taken into account.

Medical Contingency

MBT recommends that each participant carry an adequate first aid kit, complete with sterile gloves. MBT will not provide any medical assistance.

Hand Washing

In order to promote a virus-free environment, each shuttle will have hand sanitizer available for anyone to use.

Self _____

Minor Children _____

I have read, understand, and accept the terms and conditions stated herein and acknowledge that this agreement shall be effective and binding upon the parties during the entire period of participation of the said activity.

Parent/Guardian _____

Signature _____ Date _____

(If both parents are in attendance, both should sign.)
